For Visa and Mastercard/Eurocard: you can find your CVC on the reverse side of your credit card, printed into the signature filed. It is a three-digit number. The full credit card number is reprinted in the signature box and at the end of the number is the verification code number.

For American Express: the verification code number is a four-digit number on the front of the card above the credit card number on either the right or the left side of your American Express credit card.
